

## northern california chapter

Welcome to the Northern California Chapter Healthcare Financial Management Association (HFMA)! You have taken a major step in enhancing your overall Healthcare career and opened several avenues to education, networking and long-term growth.

HFMA offers numerous opportunities to each member based on their goals and interests:

- Education both local and national via conferences, webinars and virtual conferences
- Certification showing your expertise in specific areas of healthcare
- Networking events
- Leadership opportunities both at the local and national levels

Our chapter is constantly evolving and pushing forward to provide better opportunities for our members whether it be through our Women's Event (WE), our professional development program (PEAK) or at major conferences. Learn more [here](#).

As we are built upon the efforts and talents of volunteers, I would like to invite you to join our volunteer team and share your talents and expertise in helping us create an even better chapter for each of our members. Review some of our available positions [here](#).

I also encourage you to keep in touch through our website and social media platforms (Twitter, Facebook, LinkedIn and YouTube).

We send weekly announcements and newsletters via email so please add the chapter email address ([office@hfma-nca.org](mailto:office@hfma-nca.org)) to your address book.

We look forward to meeting you at our next chapter event. In the meantime, if I can answer any questions or help in any way, please feel free to contact me or the Membership Team.

Sincerely Yours,

Ramona C. Hernandez

HFMA Northern California

President 2018-2019
